

NANCY N. NEANAA

Allied Builders and Management
General Manager

With over 24 years of experience, Nancy N. Neanaa plays a crucial role in the operations of Allied Builders and Management, overseeing both financial and technical aspects of the company. As Office Manager, she manages all financial matters, including project budgets, cost analysis, and subcontractor payments. She ensures that project expenditures align with budgets, maintaining financial efficiency and accountability.

In addition to her financial expertise, Mrs. Neanaa leverages her extensive design experience to provide technical support to project managers, helping to address and resolve field conditions. Her ability to bridge financial management with engineering expertise makes her an invaluable asset to the firm's success.
