

MENA REZK

Allied Builders and Management
Site Engineer

Mena Rezk, P.E., joined Allied Builders and Management LLC in 2021, bringing over a decade of expertise in construction, structural design, and project coordination. With extensive experience managing large-scale construction projects, he has developed strong capabilities in technical office operations, design implementation, and on-site supervision.

Mr. Rezk collaborates closely with construction contractors to ensure adherence to design specifications, project schedules, and quality standards. His responsibilities include preparing project schedules, cost estimates, and reviewing contractor submittals to optimize efficiency and ensure seamless execution.

Following his role as Technical Officer for the Fiat House project in Fort Lee, New Jersey, Mr. Rezk now serves as the Site Manager for the service building and parking structure of Saint Mercurous

Coptic Church in Belleville, New Jersey. In this capacity, he oversees all aspects of construction, from subcontractor coordination and scheduling to bid solicitation, contract negotiations, and day-to-day site operations, ensuring timely and cost-effective project completion.

EDUCATION

Assiut University, Egypt
• B.S. in Civil Engineering –

With his technical proficiency, leadership in project management, and hands-on experience, Mr. Rezk is instrumental in delivering high-quality construction projects that meet the highest industry standards.
